**AFFIDAVIT OF MARION HEINZ-SCHÄFER**  
**IN ACCORDANCE WITH 37 C.F.R. § 1.47**

I, Marion Heinz-Schäfer, being duly sworn, depose and state that to the best of my knowledge:

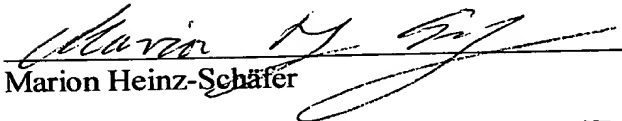

1. I am a European Patent Attorney registered to practice before the European Patent Office. I am currently, and have at all times relevant hereto been an employee of Tyco Electronics Schweiz AG, whose address is Amperestrasse 3, 9323 Steinach, Switzerland. I take care of the IP issues of Tyco Electronics Logistics AG and represent them in front of the European Patent Office.
2. I am familiar with the patent application for an RF Connector with Cutting Edges, having seven inventors, namely: Tom Blomme, Jan Dessen, Marcus Schulte, Martin Sträb, Edgard Acke, Joris Dobbelaere, and Bernard Houtemann. A National Entry Application was filed in the US Patent Office on November 28, 2000, in the name of Tyco Electronics Logistics AG and assigned Serial No. 09/701,349.

3. Tyco Electronics Logistics AG has retained Mr. Peter Hirsch, of the Munich Germany patent firm Klunker, Schmitt-Nilson & Hirsch, to prosecute the PCT Patent Application mentioned above, as well as to coordinate with other national patent offices for the filing of national patent applications. Mr. Hirsch in turn has requested that Mr. Eric J. Groen, of the law firm Baker & Daniels, to file and prosecute the national application in the U.S.

4. Our office received from Mr. Peter Hirsch, a copy of the Patent as filed in the U.S. Patent office, as well as a copy of the declaration for execution. On December 20, 2000, our office mailed to the above mentioned inventors, including Mr. Tom Blomme, the patent application and declaration to be signed for the U.S. Patent Application. The letter to Mr. Blomme was directed to his private address in Belgium, namely to:

Mr. Tom Blomme  
T Vrije 46  
B-8560 Moorsele  
Belgium

5. On about January 20, 2001, at my request and direction, my secretary Ms. Pia Mueller spoke with Mr. Tom Blomme who informed her that he had received the application papers, including the declaration, but that he refused to sign the declaration, and any further formal papers. I forwarded to Peter Hirsch those declaration pages which had been executed by the remaining inventors, and informed Mr. Hirsch that Mr. Tom Blomme had refused to sign.

  
Marion Heinz-Schäfer
